

Acura

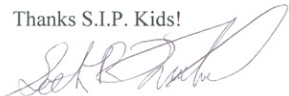

Of Pembroke Pines

We would like to thank all of the members of the S.I.P. Kids team for putting together our Keeping Kids Safe Project Digital Fingerprinting event here at Acura of Pembroke Pines in Pembroke Pines, Florida.

Their Keeping Kids Safe Project Free Digital Fingerprinting event was so easy to host, yet was a great benefit to our dealership and our community. The S.I.P. Kids coordination team took care of the details, allowing us to continue to focus on our customers needs. They connect with all aspects of your community to bring together the best resources that are available to ensure a great event.

On behalf of Acura of Pembroke Pines, I would definitely recommend the Keeping Kids Safe Project Digital Fingerprinting event to anyone looking for a great way to connect with his or her customers and give back to the community that has supported their business over the years.

Thanks S.I.P. Kids!

Seth Finkel
