

September 11, 2010

After helping nearly 200 children and families during our Keeping Kids Safe Project Free Digital Fingerprinting Event, we at Apple Valley Toyota were very impressed with the amount of help the S.I.P. Kids coordination team was able to give. They successfully brought together our community to bring awareness to child safety, which is a gift that is irreplaceable.

Our S.I.P. Kids Representative, Kathy, did a remarkable job and is very personable and passionate about helping out during the event. She showed excitement and allowed the kids to experience that feeling as well. Kathy allowed us to focus on our client while she handled everything else.

The Keeping Kids Safe Project is a great way to bring the community together and make families aware of safety issues. We hope to host another event in the near future and see what else S.I.P. can come up with!

A handwritten signature in black ink, appearing to read "Jeremy Seibert". The signature is fluid and cursive, with a long horizontal line extending to the right from the end of the name.
