

## Champion Chevrolet

an AutoNation company

Champion Chevrolet Highway 6

8100 South Highway 6

Houston, TX 77083

281-561-9900

On behalf of Champion Chevrolet, I would like to thank the entire S.I.P. Kids team for such a great event. From beginning to end, their Keeping Kids Safe Project Digital Fingerprinting program runs exactly as advertised. There were very few things needed on our end and the program was so easy to host.

The S.I.P. Kids coordination team worked with the Harris County Fire Marshal, Sheriff, Health Department, United Way, and many other youth organizations to participate at the event and provide expert safety information as well as a fun and entertaining atmosphere for the families in our community.

We at Champion Chevrolet, pride ourselves on providing the best experience for our customers and the Keeping Kids Safe Project Digital Fingerprinting program is such a great fit for our dealership and its standards. We would definitely recommend them to anyone.
