This was our second year hosting the Keeping Kids Safe Project event with Sip Kids and once again they have delivered. They are very good and putting things together with little effort from us, which is much appreciated. They do a fantastic job getting the community involved in our events and in getting the word out to families. The benefits that our community receives from this program make the investment worth it in itself. We also appreciate the positive effect it has upon us and our reputation in this community.

Through the Keeping Kids Safe Project we are able to let local families know that we care for and appreciate them. This is one of the easiest and most effect programs we have ever held. We highly recommend SIP Kids and their Keeping Kids Safe project to others and we are already looking forward to next year!

Sincerely,
