

To Whom It May Concern:

Howdy Honda is a proud 8 year sponsor of the Keeping Kids Safe Project! We understand the importance of child safety and are thankful to be a resource for the whole community. This program gives us an easy way to connect with families in our area while helping to protect children in our community.

Every year the "Keeping Kids Safe Project" team takes over and works hard to make our event a success and this year was no exception. Our coordinator invited many other local organizations to participate in the event and spread the word to local families through news releases, PSAs and community calendars. They addressed our questions and concerns in a friendly and professional manner, continually going above and beyond expectations.

This event is put together in a way that makes it easy to host which is certainly appreciated. After eight years of experience we can highly recommend this event to other dealerships. We look forward to continuing our partnership with The Keeping Kids Safe Project and setting more events in the future!

Thanks again,
