

To Whom It May Concern:

We would like to recommend the S.I.P. Kids Program to any business looking to hold an event that will help build a strong relationship with its community. At Modesto Toyota, we are always looking for ways to give back to the community that supports us. With The Keeping Kids Safe Project, we are able to do just that. Our third two-day event was another fun change of pace for us and S.I.P. Kids did everything exactly as advertised!

Our third event was just as easy, if not easier, than our first two. We consider S.I.P Kids and Modesto Toyota child safety events as well-oiled machines! Our event representative, Jeff, was extremely helpful and worked very well with the parents and the children.

Establishing relationships within our community has got to be one of the best parts of hosting the digital fingerprinting events. The local police department, state patrol, clubs, and other local organizations that we've worked with have all been tremendously beneficial to the families and to our event as a whole.

We can't wait to see what S.I.P. Kids does next year and we would like to thank S.I.P. Kids for their help and dedication to child safety.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Kay", is written over the printed name.

Steve Kay

Service Manager – Modesto Toyota
