Re: SIP Kids Event

What a wonderful weekend! We just had the pleasure of hosting our 5th annual S.I.P. Kids, Keeping Kids Safe Project digital fingerprinting event. Over the past 5 years, we have helped to protect more than 3000 children in the Rockford community. Most years we have had over 300 families in attendance. The way the S.I.P. Kids Team coordinated our events to keep the momentum going over the years is phenomenal.

Each year we see more and more of our local organizations sign up to help us give back to our community and provide the families with enough safety information to help keep their kids safe. The S.I.P. Kids team worked with some of our local businesses to help them show their support for their community as well as our own business.

It is so wonderful to leave the details up to their team and not have to worry about taking time out of our day so we could focus on our own work. The S.I.P. Kids coordinators really bring your community together for a fun and educational weekend. The exposure is priceless.

On behalf of Zimbrick of Rockford, I would definitely recommend S.I.P. Kids and their Keeping Kids Safe Project's events to anyone looking to get involved in their community. Over the past 5 years we have always been extremely happy with the events they put together for us.

Sincerely,

George D. Schaffner
